NLP Master Trainer Georgie Weese

Dear Friends, Colleagues and Past Participants,

We are very excited to team up once more to offer these trainings. Our belief in the value of NLP for everyone remains strong. NLP continues to provide the opportunity, as well as the framework to create lasting, profound change for yourself, your loved ones, and your clients. In over 20 years of training NLP, we have truly never had anyone ever say after finishing Practitioner and/or Master Practitioner that they wished they had not taken the trainings! Life, work and our relationships improve as we understand and utilize the NLP Models of Change.

THIS IS IT...!

We have heard from our Practitioners and others, that many friends and family have an interest in NLP Practitioner and Master Practitioner but aren't totally motivated to be certified. So to make NLP more accessible, we are offering the standard NLP Practitioner and Master Practitioner material with Optional NLP Certifications and an Optional Certification in Coaching.

AND...

You can take either training in 8 or 9 days...depending on YOUR interest...and with the minimum number of days away from work. In fact, you can start your training now! The Neuro-Energetics' Practitioner or Master Practitioner MP3 Training Series is available free with your registration. You can begin your training before you even arrive at the training in Lancaster.

The NLP Practitioner or Master Practitioner MP3s are now available free with your \$300 registration.

This decision will improve your life!
